

Welcome to Otago Branch 30, the home of ZL4AA

We look forward to seeing each of you and catching up with good friends.

Registrations can be found in the McMenemy Room on arrival Friday night 1800 to 2100 or Sat Morning from 0800.

This is our final Programme (but like all such things may change at the last minute).

Free wi-fi is available at the venue, login details are in the Conference Programme.

The smaller rooms, Grace Library and Mossgiel Room have occupation limits of 30 and 40 resp. We might juggle rooms at the last minute if one presentation looks over subscribed.

There is an hour allocated for each Forum and we will try to shoo you in a bit early.

For those Forums in the Community Hall, we will have an Audio installation and plan to have an audio loop installed to assist the hearing impaired. We will explain to those entering who would like to use it where they should have coverage.

The latest list of speakers is published in the Programme.

We have received good support from a number of Businesses and Amateur ops and we extend our thanks to them all (in random order):

RWB Communications Ltd (ICOM)      Mitre10 MEGA Dunedin
